

Our Story 2020-2021

This annual report is our story of reflection on the past year as an opportunity for gratitude and renewal.

We were reminded of the challenges faced by the organization, clients and our community as a result of the pandemic. This year also provided opportunities to rethink, renew and give thanks.

To our Team, Partners, Funders, Volunteers & YOU!
With your support, dedication and hard work we were able to continue to support and serve our clients throughout this past year

Miigwech! Gracias! Merci! Thank You!

With each year of reflection and gratitude comes renewal. It was time to look at how services were being offered and to rebuild them with freshness and vigor to meet new and evolving needs as a result of the pandemic.

Renewal

This year has been a remarkable journey of reflection, renewal and gratitude as we move forward towards a hopeful future.
